BUDGET TRACKING

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Etiam vel mattis velit.

Any business, regardless of its size and type, needs capital to run. This money isn't just needed for long-term operations, but also for the business' day-to-day needs. For instance, a restaurant may need a certain amount of cash daily to pay for ingredients. Similarly, employees also need to be paid on a monthly basis

5. Services page:

In services page, add some information about the services followed by the company, this is a static page.

6. Dashboard page:

When user login and select dashboard page, all the expenses will be list in a table. User will be able to view expenses based on the category and dates.

| Expense Name | Notes | Expense category | Exp. Amount | Paid by | Exp. Date | Edit | Delete |
